- Obtained project financing and commenced construction of **The Saint Mary**, a 240-unit luxury garden-style apartment project in the Circle C Community in Austin, Texas.
- Increased the revolving credit facility with Comerica Bank by 33 percent to \$60.0 million and extended the maturity date to June 29, 2020.

Since the end of second-quarter 2018, Stratus closed on the sale of one Amarra Drive Phase III lot for \$0.7 million. Two Amarra Villa townhomes and three Amarra Drive Phase III lots are currently under contract.
- Anchor tenant Moviehouse & Eatery opened in May 2018 at Lantana Place, a mixed-use
 development in southwest Austin consisting of approximately 320,000 square feet of retail, hotel
 and office space. Construction of phase one is nearing completion and Stratus has signed leases
 for a Marriott A/C hotel and approximately 25 percent of the in-line retail space.
- Leasing reached 80 percent for the retail component of Jones Crossing, an HEB-anchored, mixed-use development in College Station, Texas, and construction of the retail component is nearing completion. The HEB grocery store is currently scheduled to open in September 2018.

As of June 30, 2018, Stratus has executed leases for approximately 70 percent of the 44,000 square feet of tenant leasing space.  adjacent to Santal Phase I in the upscale, highly populated Barton Creek community is advancing
 on schedule and on budget. Stratus expects the first Phase II units to be available for occupancy
 in August 2018 and to substantially complete construction by year-end 2018.

William H. Armstrong III, Chairman, President and Chief Executive Officer, stated, "Stratus has reached a new peak of development activity. Today we announced our new Kingwood Place project, our sixth mixed-use development project anchored by HEB. This 54-acre project located in Kingwood, Texas, a thriving master-planned community 20 miles northeast of Houston, will include, in addition to an HEB grocery, upscale shopping, dining, entertainment, and multi-family residences. Kingwood is the second largest master-planned community within the 10-county greater Houston metropolitan area. Adding Kingwood Place to our portfolio of multi-use development projects further expands our geographic footprint in vibrant and growing Texas communities. We look forward to completing these projects and creating value for shareholders."

New Development Project in Kingwood, Texas

Stratus announced today that it completed a series of financing transactions used to purchase a 54-acre tract of land in Kingwood, Texas, for Kingwood Place, an HEB-anchored mixed-use project. The financing transactions included (1) a private placement of limited partnership interests in Stratus Kingwood Place, L.P., a Texas limited partnership and a subsidiary of Stratus, to a limited number of investors for \$10.7 million, representing approximately 70 percent of the projected total required equity, on August 3, 2018 and (2) a \$6.8 million land loan with Comerica Bank with a 12-month term and interest of LIBOR plus 4 percent closed on August 6, 2018, in connection with the land purchase. Kingwood Place will include a 103,000-square-foot HEB grocery store, 41,000 square feet of retail space, six retail pads, and an 11-acre parcel planned for approximately 300 multi-family units. Construction financing and building permits are being arranged, and Stratus currently plans to break ground in November 2018 to meet HEB's current projected store opening.

a. Includes \$0.4 million of reductions to cost of sales associated with collection of prior-years' assessments of properties in Barton Creek.

The significant increases in revenue and operating income from the **Real Estate Operations** segment in second-quarter 2018, compared to second-quarter 2017, primarily reflect higher developed property sales.

During second-quarter 2018, Stratus sold three Amarra Drive Phase III lots, two Amarra Villas townhomes and one of the two remaining condominium units at the W Austin Hotel & Residences for a total of \$6.9 million.

The increases in revenue from the **Leasing Operations** segment in second-quarter 2018, compared to second-quarter 2017, primarily reflect leasing activity at West Killeen Market and Santal Phase I.

The slight decreases in revenue and operating income from the **Hotel** segment in second-quarter 2018, compared to second-quarter 2017, primarily reflect lower room revenues resulting from competition from several newly completed hotels in the downtown Austin area. Revenue per available room (RevPAR), which is calculated by dividing total room revenue by the average number of total rooms available, was \$254 in second-quarter 2018, compared with \$263 for second-quarter 2017. An increase in competition resulting from the anticipated opening of additional hotel rooms in downtown Austin during the second-half of 2018 is expected to continue to impact Stratus' hotel revenues. Stratus remains positive on the long-term outlook of the W Austin Hotel based on continued population growth and increased tourism in the Austin market.

The decreases in revenue and operating income from the **Entertainment** segment in second-quarter 2018, compared to second-quarter 2017, primarily reflect a decrease in the number of events hosted and the number of tickets sold at ACL Live. ACL Live hosted 45 events and sold approximately 29 thousand tickets in second-quarter 2018, compared with 60 events and the sale of approximately 51 thousand tickets in second-quarter 2017. Additionally, 3TEN ACL Live, hosted 57 events in second-quarter 2018, compared with 60 events in second-quarter 2017.

Debt and Liquidity

On June 29, 2018, Stratus increased its revolving credit facility by 33 percent to \$60.0 million, of which \$12.0 million was available as of June 30, 2018. The new maturity date is June 29, 2020.

At June 30, 2018, consolidated debt totaled \$265.9 million and consolidated cash totaled \$12.7 million, compared with consolidated debt of \$221.5 million and consolidated cash of \$14.6 million at December 31, 2017.

Purchases and development of real estate properties (included in operating cash flows) and capital expenditures (included in investing cash flows) totaled \$50.7 million for the first six months of 2018, primarily for the development of Barton Creek properties, Santal Phase II, Lantana Place and Jones Crossing. This compares with \$13.1 million for the first six months of 2017, primarily for the development of Barton Creek properties, Lantana Place and West Killeen Market.

STRATUS PROPERTIES INC. BUSINESS SEGMENTS

Stratus currently has four operating segments: Real Estate Operations, Leasing Operations, Hotel and Entertainment.

The Real Estate Operations segment is comprised of Stratus' real estate assets (developed, under development and available for development), which consists of its properties in Austin, Texas (the Barton Creek community, including Santal Phase II; the Circle C community, including The Saint Mary; the Lantana community, including Lantana Place; and the condominium units at the W Austin Hotel & Residences); in Lakeway, Texas located in the greater Austin area (Lakeway); in College Station, Texas (Jones Crossing); and in Magnolia, Texas, located in the greater Houston area (Magnolia).

The Leasing Operations segment includes the office and retail space at the W Austin Hotel & Residences, a retail building in Barton Creek Village, Santal Phase I and the West Killeen Market in Killeen, Texas, and portions of the Lantana Place and Jones Crossing projects.

The Hotel segment includes the W Austin Hotel located at the W Austin Hotel & Residences in downtown Austin, Texas.

The Entertainment segment includes ACL Live, a live music and entertainment venue and production studio at the W Austin Hotel & Residences. In addition to hosting concerts and private events, this venue is the home of Austin City Limits, a television program showcasing popular music legends. The Entertainment segment also includes revenues and costs associated with events hosted at other venues, including 3TEN ACL Live, which opened in March 2016 on the site of the W Austin Hotel & Residences.

Stratus uses operating income or loss to measure the performance of each segment. General and administrative expenses, which primarily consist of employee salaries, wages and other costs, are managed on a consolidated basis and are not allocated to Stratus' operating segments. The following segment information reflects management determinations that may not be indicative of what the actual financial performance of each segment would be if it were an independent entity.

Segment information presented below was prepared on the same basis as Stratus' consolidated financial statements (in thousands).

RECONCILIATION OF NON-GAAP MEASURE ADJUSTED EBITDA

Adjusted EBITDA (earnings before interest, taxes, depreciation and amortization) is a non-GAAP (U.S. generally accepted accounting principles) financial measure that is frequently used by securities analysts, investors, lenders and others to evaluate companies' recurring operating performance, including, among other things, profitability before the effect of financing and similar decisions. Because securities analysts, investors, lenders and others use Adjusted EBITDA, management believes that Stratus' presentation of Adjusted EBITDA affords them greater transparency in assessing its financial performance. This information differs from net income (loss) attributable to common stockholders determined in accordance with GAAP and should not be considered in isolation or as a substitute for measures of performance determined in accordance with GAAP. Adjusted EBITDA may not be comparable to similarly titled measures reported by other companies, as different companies may calculate such measures differently. Management strongly encourages investors to review Stratus' consolidated financial statements and publicly filed reports in their entirety. A reconciliation of Stratus' net loss attributable to common stockholders to Adjusted EBITDA follows (in thousands).
